Subject: Confirmation of Contribution by Muhammad Haji

To Whom It May Concern,

This is to confirm that **Muhammad Haji** has actively contributed to Parents Voice Association – UJALA Centre by introducing educational games which he developed himself into our computer and internship sessions. These games have significantly improved students' keyboard and mouse skills and are now a regular and valued part of our ICT curriculum.

We appreciate his efforts and meaningful contribution to our learning environment.

Kind regards,

Zehra Tanweer Sabir
Head Program Coordinator
Parents Voice Association - UJALA Centre
